## PROFESSIONAL EXPERIENCE

---

**Develop for Good, Gateway Regional Council** | User Experience Designer May 2026 – Present

- Supporting the redesign of a community-focused website to improve navigation, accessibility, and engagement for Black and vulnerable communities.
- Creating user personas, journey maps, information architecture, user flows, and visual design updates to make resources easier to find and use.
- Designing clearer pathways to programs, events, funding opportunities, support services, and contact forms for community members and partner organizations.

**Mentor Me Collective, Grow with Google Scholar** | UX Research & Design Intern Apr 2025 – Jun 2025

- Completed UX/UI projects, including TripTag, a travel budgeting app, and We Are One LLC, a responsive website.
- Created user flows, wireframes, prototypes, and accessibility-focused interface designs in Figma.
- Conducted peer usability testing and applied feedback to improve navigation, content clarity, visual hierarchy, and user engagement.

**Develop for Good, Immigrants Rising** | User Experience Designer Oct 2024 – Feb 2025

- Conducted user interviews and surveys to identify barriers immigrant students face when accessing educational resources.
- Designed simplified forms and user flows to help students navigate eligibility and financial aid information.
- Organized research insights, accessibility considerations, and design documentation to support implementation.

**HopSkipDrive** | Employee Experience Intern Jun 2024 – Sep 2024

- Supported employee experience initiatives at a transportation technology company focused on safe, accessible mobility.
- Redesigned onboarding and training courses, improving completion rates by 25%.
- Analyzed feedback data and supported initiatives that increased satisfaction by 20%.
